Mentor Door and Millwork

a division of Mentor Lumber and Supply

Welcome

Starting as 'Mentor Assembly' in 1988, our goal was to provide high quality, 'in stock' molding and millwork at a competitive price.

Today, Mentor Door & Millwork is managed by Dan Davidson. MDM can fabricate a wide variety of products- from cupolas, box newels, mantles, porch columns, to custom doors, mailbox posts, wood brackets, and pre-built stairs. MDM was developed to help free up carpenters' time and keep our customers' projects on schedule.
